Dewan Chowdhury
Geraldine Flach-Sybesma
Carlos A. Moczo**

The Manchester Utilities Authority (MUA) serves Haledon, as well as portions of North Haledon and small portions of neighboring towns in Passaic and Bergen counties. The MUA's primary goal is to supply clean, safe water to our customers throughout our distribution system, in a cost-effective and fiscally responsible manner.

The MUA is currently evaluating the extension of public water service in various areas in North Haledon where private wells may be exceeding the acceptable levels of per- and polyfluoroalkyl substances (PFAs). As part of this evaluation, the MUA is gathering information from residents to determine if public water service could be provided by the MUA.

Please answer the following questions either by hand and return a copy to the MUA Secretary at 510 Belmont Avenue in Haledon, NJ or submit your responses electronically using the following link: <https://forms.gle/gHWjyR4HLeFxzQC66>. A copy of this survey and a link to the electronic survey will also be posted online via muawater.net.

Name: _____

Address: _____

Circle yes or no to Questions 1-4 below.

- | | | |
|--|-----|----|
| 1) Are you on a private well? | YES | NO |
| 2) Have you tested your well for PFAs? | YES | NO |
| 3) Do you have PFAs contamination? | YES | NO |
| 4) Are you interested in connecting to the MUA public water service if the MUA system is extended? | YES | NO |

If you have any questions, please contact our office at (973) 942-6538 extension 3.
